

quadSKI XL

GIBBS
SPORTS AMPHIBIANS
www.quadskicaraibe.com

Powered by the BMW Motorrad K1300 engine, the Quadski XL is capable of attaining speeds of 45 mph on both land and water. The performance and comfort of the ride are the result of a lightweight composite hull, wide track and low center of gravity, which gives the Quadski XL stability on land and water. The most advanced piece of Gibbs engineering is the suspension. It gives a superb ride and handling on land and retracts when on the water. The complete transition takes under five seconds, at the push of a button. Incorporating Gibbs High Speed Amphibian technology, the Quadski XL hull provides a stable planing surface and lateral stability for responsive handling on water. The proprietary Gibbs jet drive is lighter and more compact than traditional marine industry water jets and provides high levels of thrust and maneuverability on water, propelling the Quadski XL to planing speed in seconds.

Rider Capacity
2 Person

CUSTOM Colors AVAILABLE
INCLUDING CAMO

ENGINE
Type:

BMW K1300cc water-cooled 4-stroke in-line four-cylinder engine

Transmission:

Sequential, electronically controlled with centrifugal clutch, electrically operated land reverse gear

Maximum power: 105 kW / 140hp water

Displacement: 1293cc

Bore & Stroke: 80.0 mm x 64.3 mm

Lube system: Dry sump

Power: 140 hp (105 kW)

Torque: 87 ft-lbs (118 Nm)

Fuel type: 98 RON. Premium plus unleaded

Cooling on water: Closed loop and open loop heat exchangers

Cooling on land: Closed loop

LAND Features

Land speed: Up to 45 mph

Brakes: 4 wheel disc brakes

Suspension: Independent coil springs and hydraulic dampers

Drive layout: RWD

Marine Features

Water speed: Up to 45 mph

Propulsion system: Gibbs jet drive with reverse

DIMENSIONS

Track width: 55.5 in / 1,410 mm

Overall width: 62.5 in / 1,587 mm

Overall length: 140.2 in / 3,560 mm

Overall height: 53.0 in / 1,345 mm

Wheelbase: 82.3 in / 2,090 mm

Ground clearance: 8.6 in / 215 mm

Weight (curb): 1,437 lbs / 652 kg

Hull & Drive Unit

Hull: Monocoque dual skin composite

Type: Single stage mixed flow

Impeller: Stainless steel 5 blade

Stator: 11 blade cast aluminum

Wheels & Tires

Wheel size: 5.5J x 12

Front tire: 25 x 8.000 - 12

Rear tire: 25 x 8.000 - 12

Standard Colors

Blue

Red
